

**PROSPECTUS SUPPLEMENT NO. 1**  
**(to Prospectus dated August 9, 2024)**

## **STARDUST POWER INC.**

**Up to 55,190,875 Shares of Common Stock**  
**Up to 10,566,596 Shares of Common Stock Underlying Warrants**  
**Up to 5,566,667 Warrants to Purchase Common Stock**

This prospectus supplement supplements the prospectus dated August 9, 2024 (the “**Prospectus**”), which forms a part of our registration statement on Form S-1 (No. 333-281160). This prospectus supplement is being filed to update and supplement the information in the Prospectus with the information contained in our Form 10-Q for the fiscal quarter ended June 30, 2024 filed with the Securities and Exchange Commission (the “**SEC**”) on August 14, 2024 (the “**Form 10-Q**”). Accordingly, we have attached the Form 10-Q to this prospectus supplement.

The Prospectus and this prospectus supplement relate to the offer and resale from time to time by the selling securityholders named in this Registration Statement or their permitted transferees (the “**Selling Securityholders**”) of the following:

- (i) up to 55,190,875 shares of common stock, par value \$0.0001 per share (the “**Common Stock**”), consisting of:
    - (a) up to 127,777 shares of Common Stock issued to former GPAC II Public Shareholders (as defined in the Prospectus) at Closing (as defined in the Prospectus) pursuant to certain Non-Redemption Agreements (as defined in the Prospectus);
    - (b) up to 4,000,000 shares of Common Stock (including 1,000,000 shares that are subject to forfeiture) issued to the Sponsor at Closing in exchange for an equivalent number of Class B ordinary shares, par value \$0.0001 per share, of GPAC II that were originally purchased for approximately \$0.003 per share;
    - (c) up to 1,077,541 shares of Common Stock issued to PIPE Investors (as defined in the Prospectus) at Closing pursuant to certain PIPE Subscription Agreements (as defined in the Prospectus) at a purchase price of \$9.35 per share;
    - (d) up to 2,024,985 shares of Common Stock held by holders of vested RSU awards;
    - (e) up to 42,393,905 shares of Common Stock issued to certain third parties and affiliates of Stardust Power at Closing (which in each case were issued as consideration in the Business Combination (as defined in the Prospectus) based on a value of \$10.00 per share); and
    - (f) up to 5,566,667 shares of Common Stock issuable upon exercise of the Private Warrants (as defined in the Prospectus); and
  - (ii) up to 5,566,667 Private Warrants, which were originally purchased at a price of \$1.50 per Private Warrant.
-

We will not receive any proceeds from the sale of shares of Common Stock or Warrants (as defined in the Prospectus) by the Selling Securityholders pursuant to the Prospectus or in any supplement to the Prospectus, except upon the exercise of Warrants.

The shares of Common Stock, not including Common Stock issuable upon exercise of the Warrants, being offered for resale pursuant to the Prospectus or in any supplement to the Prospectus by the Selling Securityholders represent approximately 99.72% of shares of Common Stock (and assuming the exercise of all Warrants, 91.48% of Common Stock) outstanding as of July 31, 2024. Given the substantial number of shares of Common Stock being registered for potential resale by Selling Securityholders pursuant to the Prospectus and this prospectus supplement, the sale of shares of Common Stock or Warrants by the Selling Securityholders, or the perception in the market that the Selling Securityholders of a large number of holders of Common Stock or Warrants intend to sell such securities, could increase the volatility of the market price of our Common Stock or Warrants or result in a significant decline in the public trading price of our Common Stock or Warrants. Even if our trading price of Common Stock is significantly below \$10.00 per share, the offering price for the units offered in the IPO (as defined in the Prospectus), certain of the Selling Securityholders, including the Sponsor, may still have an incentive to sell shares of Common Stock, because they purchased the shares at prices lower than the public investors or the current trading price of our Common Stock.

We will only receive proceeds from the exercise of Warrants if and when the holders of the Warrants choose to exercise them. The exercise of the Warrants, and any proceeds we may receive from their exercise, are highly dependent on the price of our Common Stock and the spread between the exercise price of the Warrants and the price of our Common Stock at the time of exercise. If the market price of our Common Stock is less than the exercise price of a holder's Warrants, it is unlikely that holders will choose to exercise. There can be no assurance that the Warrants will be in the money prior to their expiration. In addition, our Warrant holders have the option to exercise the Warrants on a cashless basis in certain circumstances. See "*Description of Securities - Warrants*" in the Prospectus. As such, it is possible that we may never generate any cash proceeds from the exercise of our Warrants.

We will bear all costs, expenses and fees in connection with the registration of the securities. The Selling Securityholders will bear all commissions and discounts, if any, attributable to their respective sales of the securities.

Our registration of the securities covered by the Prospectus or in any prospectus supplement does not mean that either we or the Selling Securityholders will issue, offer or sell, as applicable, any of the Common Stock. The Selling Securityholders may offer and sell the securities covered by the Prospectus or in any prospectus supplement in a number of different ways and at varying prices. We provide more information about how the Selling Securityholders may sell the shares in the section entitled "*Plan of Distribution*" in the Prospectus.

You should read the Prospectus, this prospectus supplement and any prospectus supplement or amendment carefully before you invest in our Common Stock or Warrants.

Our Common Stock and Warrants are listed on the Nasdaq Global Market ("**Nasdaq**") under the symbols "SDST" and "SDSTW," respectively. On August 13, 2024, the last reported sales price of our Common Stock was \$10.12 per share and the last reported sales price of our Warrants was \$0.50 per Warrant.

Our Chief Executive Officer, Roshen Pujari (hereinafter, Roshan Pujari) owns a majority of the voting power of our issued and outstanding Common Stock. As a result, we qualify as a "controlled company" within the meaning of the corporate governance standards of Nasdaq.

We are an "emerging growth company" as defined under U.S. federal securities laws and, as such, have elected to comply with reduced public company reporting requirements. The Prospectus and this prospectus supplement comply with the requirements that apply to an issuer that is an emerging growth company. This prospectus supplement updates and supplements the information in the Prospectus and is not complete without, and may not be delivered or utilized except in combination with, the Prospectus, including any amendments or supplements thereto. This prospectus supplement should be read in conjunction with the Prospectus and if there is any inconsistency between the information in the Prospectus and this prospectus supplement, you should rely on the information in this prospectus supplement.

**Investing in our securities involves a high degree of risk. You should review carefully the risks and uncertainties described in the section titled "*Risk Factors*" beginning on page 6 of the Prospectus, and under similar headings in any amendments or supplements to the Prospectus.**

**Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities, or passed upon the accuracy or adequacy of the Prospectus or this prospectus supplement. Any representation to the contrary is a criminal offense.**

**The date of this prospectus supplement is August 14, 2024.**

UNITED STATES  
SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2024

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from \_\_\_\_\_ to \_\_\_\_\_

Commission File Number: 001-39875

STARDUST POWER INC.

(Exact name of registrant as specified in its charter)

Delaware

(State or other jurisdiction of  
incorporation or organization)

99-3863616

(I.R.S. Employer  
Identification Number)

15 E. Putnam Ave, Suite 378  
Greenwich, CT

(Address of principal executive offices)

06830

(Zip Code)

Registrant's telephone number, including area code: (800) 742-3095

Not applicable

(Former name or former address, if changed since last report)

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on Which Registered
Common Stock, par value \$0.0001 per share	SDST	The Nasdaq Global Market
Redeemable warrants, each whole warrant exercisable for one share of Common Stock at an exercise price of \$11.50	SDSTW	The Nasdaq Global Market

Securities registered pursuant to Section 12(g) of the Act: None

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the registrant has submitted electronically every Interactive Data File required to be submitted and pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit such files). Yes  No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See definitions of "large accelerated filer", "accelerated filer," "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act. (Check one):

Large accelerated filer  Accelerated filer   
Non-accelerated filer  Smaller reporting company   
Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

As of August 14, 2024, there were 47,699,608 shares of common stock, par value \$0.0001 per share, issued and outstanding.

## EXPLANATORY NOTE

On July 8, 2024 (the “Closing Date”), subsequent to the fiscal quarter ended June 30, 2024, the fiscal quarter to which this Quarterly Report on Form 10-Q (this “Quarterly Report”) relates, Global Partner Acquisition Corp II (“GPAC II”) (now known as Stardust Power Inc.), a Delaware corporation that is our predecessor, consummated the previously announced business combination (the “Business Combination”) pursuant to that certain Business Combination Agreement, dated as of November 21, 2023 (as amended, the “Business Combination Agreement”), by and among Global Partner Acquisition Corp II, a Cayman Islands exempted company (“GPAC II”), Strike Merger Sub I, Inc., a Delaware corporation and direct wholly owned subsidiary of GPAC II (“First Merger Sub”), Strike Merger Sub II, LLC, a Delaware limited liability company and direct wholly owned subsidiary of GPAC II (“Second Merger Sub”), and Stardust Power Inc., a Delaware corporation (the “Company,” “Stardust” or “Stardust Power”). On the Closing Date, pursuant to the Business Combination Agreement, prior to the consummation of the Mergers (as defined below) contemplated by the Business Combination Agreement, and upon receipt of Supermajority Acquiror Shareholder Approval (as defined therein), GPAC II merged with and into Stardust Power, with Stardust Power being the surviving company.

Unless stated otherwise, this Quarterly Report contains information about the Company before the Business Combination. References to the “Company,” “our,” “us” or “we” in this Quarterly Report refer to GPAC II and its consolidated subsidiaries before the consummation of the Business Combination and to Stardust Power and its consolidated subsidiaries after the Business Combination, as the context suggests.

Except as otherwise expressly provided herein, the information in this Quarterly Report does not reflect the consummation of the Business Combination, which, as discussed above, occurred subsequent to the period covered hereunder.

**Stardust Power Inc.**  
**(F/K/A Global Partner Acquisition Corp II)**  
**Notes to Condensed Consolidated Financial Statements June 30, 2024 (unaudited)**

**Note 1 – Description of Organization and Business Operations**

Stardust Power Inc. formerly known as Global Partner Acquisition Corp II was incorporated under the laws of the Cayman Islands as an exempted company on November 3, 2020. Together with its wholly owned subsidiaries First Merger Sub and Second Merger Sub, both incorporated or formed in Delaware in November 2023, the Company was formed for the purpose of effecting a merger, capital share exchange, asset acquisition, share purchase, reorganization or similar business combination with one or more businesses. The Company is an “emerging growth company,” as defined in Section 2(a) of the Securities Act of 1933, as amended, or the “Securities Act,” as modified by the Jumpstart Our Business Startups Act of 2012 (the “JOBS Act”).

***Domestication and Mergers***

As previously announced, GPAC II, a Cayman Islands exempted company, entered into that certain Business Combination Agreement pursuant to which on July 8, 2024 (the “Closing Date”), prior to the consummation of the Mergers (as defined below) contemplated by the Business Combination Agreement, and upon receipt of Supermajority Acquiror Shareholder Approval (as defined therein), GPAC II domesticated as a Delaware corporation (the “Domestication”) in accordance with Section 388 of the Delaware General Corporation Law and Sections 206 to 209 of the Companies Act (As Revised) of the Cayman Islands.

Prior to the Domestication, each GPAC II Class B ordinary share, par value \$0.0001 per share (the “Class B Ordinary Share”), outstanding was converted into one (1) GPAC II Class A ordinary share, par value \$0.0001 per share (the “Class A Ordinary Share” or “Public Share,” and together with Class B Ordinary Shares, the “GPAC II Ordinary Shares”), in accordance with GPAC II’s amended and restated memorandum and articles of association (the “Articles of Association”) and as set forth in the Sponsor Letter Agreement, dated as of January 11, 2021, as amended by that certain Letter Agreement Amendment, dated as of January 13, 2023, by and among Global Partner Sponsor II, LLC (the “Sponsor”), GPAC II, and GPAC II executive officers and directors (the “Class B Ordinary Share conversion”). In connection with the Domestication, (i) each Class A Ordinary Share outstanding immediately prior to the effective time of the Domestication and following the Class B Ordinary Share conversion was converted into one share of GPAC II common stock, par value \$0.0001 per share (the “GPAC II Common Stock”) and (ii) each then-issued and outstanding whole warrant exercisable for one Class A Ordinary Share was converted into a warrant exercisable for one share of GPAC II Common Stock at an exercise price of \$11.50 per share on the terms and conditions set forth in the Warrant Agreement, dated as of January 11, 2021, by and between GPAC II and Continental Stock Transfer & Trust Company, as warrant agent (as amended or amended and restated from time to time). In connection with clauses (i) and (ii) of this paragraph, each issued and outstanding unit of GPAC II that has not been previously separated into the underlying Class A Ordinary Shares and the underlying GPAC II warrants was cancelled, entitling the holder thereof to one share of GPAC II Common Stock and one-sixth of one GPAC II warrant.

The Business Combination Agreement provided for, among other things, the following, all of which occurred on July 8, 2024: (i) the Domestication, (ii) following the Domestication, First Merger Sub merged with and into Stardust Power, with Stardust Power being the surviving company (also referred to herein as the “Combined Company”) in the merger (the “First Merger”) and, (iii) immediately following the First Merger, and as part of the same overall transaction as the First Merger, Stardust Power merged with and into Second Merger Sub (the “Second Merger” and, together with the First Merger, the “Mergers”), with Merger Sub II being the surviving company of the Second Merger (Merger Sub II, in its capacity as the surviving company of the Second Merger, the “Surviving Company”), and as a result of which the Surviving Company became a wholly-owned subsidiary of GPAC II. At Closing, (i) the Sponsor forfeited an aggregate of 3,500,000 GPAC II Ordinary Shares, (ii) reissued 127,777 GPAC II Ordinary Shares as Class A Ordinary Shares to certain GPAC II investors who agreed not to redeem their respective shares of Class A Ordinary Shares in connection with GPAC II’s extraordinary general meeting of shareholders held on January 9, 2024, (iii) issued 1,077,541 shares of GPAC II Common Stock to a large institutional investor and two other investors (the “PIPE Investors”) pursuant to subscription agreements that were entered into on June 20, 2024 (the “PIPE Subscription Agreements”), and (iv) GPAC II changed its name to “Stardust Power Inc.” Following Closing, Common Stock, par value \$0.0001 per share (“Combined Company Common Stock”), and warrants (the “Warrants”) trade on the Nasdaq Global Market (“Nasdaq”) under the new symbols “SDST” and “SDSTW,” respectively. At Closing, in connection with the Transactions, GPAC II and certain holders of Combined Company Common Stock (as defined below) (the “Stardust Power Stockholders”) entered into a Stockholder Agreement, a Registration Rights Agreement and a Lock-Up Agreement, each in form and in substance that became effective upon the Closing.

In accordance with the terms and subject to the conditions of the Business Combination Agreement, each share of Common Stock (including Common Stock issued in connection with the Stardust Power SAFE Conversion), issued and outstanding immediately prior to the First Effective Time other than any Cancelled Shares and Dissenting Shares were converted into the right to receive the applicable Per Share Consideration. The total consideration paid at Closing to the selling parties in connection with the Business Combination Agreement was based on an enterprise value of \$447,500,000 (excluding a \$50 million earnout, based upon an assumed price of \$10 per share, payable upon achievement of certain milestones), subject to certain adjustments as set forth in the Business Combination Agreement, including with respect to certain transaction expenses and the cash and debt of Stardust Power.

In accordance with the terms and subject to the conditions of the Business Combination Agreement, (i) each outstanding Company Option (as defined in the Business Combination Agreement), whether vested or unvested, has converted into an option to purchase a number of shares of GPAC II Common Stock equal to the number of shares of GPAC II Common Stock subject to such Company Option immediately prior to the First Effective Time multiplied by the Per Share Consideration at an exercise price per share equal to the exercise price per share of Common Stock divided by the Per Share Consideration, subject to certain adjustments and (ii) each share of Company Restricted Stock (as defined in the Business Combination Agreement) outstanding immediately prior to the First Effective Time has converted into a number of shares of GPAC II Common Stock equal to the number of shares of Common Stock subject to such Company Restricted Stock multiplied by the Per Share Consideration. Except as provided in the Business Combination Agreement, the terms and conditions (including vesting and exercisability terms, as applicable) have continued after Closing as were applicable to the corresponding former Company Option and Company Restricted Stock, as applicable, immediately prior to the First Effective Time.

The accompanying unaudited condensed consolidated financial statements reflect the accounts and activities of only GPAC II, First Merger Sub, and Second Merger Sub, as of June 30, 2024, prior to the closing date.

All dollar amounts are rounded to the nearest thousand dollars.

### ***Business Prior to the Business Combination***

Prior to the Business Combination, GPAC II had two wholly owned subsidiaries which were formed on November 3, 2020, First Merger Sub and Second Merger Sub.

All activity for the period from November 3, 2020 (inception) through June 30, 2024 relates to the Company's formation, the initial public offering ("Initial Public Offering"), which is described below, identifying a target company for a Business Combination and consummating the acquisition of Stardust Power. The Company did not generate any operating revenues prior to completing its Business Combination. During the fiscal quarter, the Company generated non-operating income in the form of interest income from the proceeds derived from the Public Offering.

In January 2023, the shareholders of the Company (the "shareholders") took various actions and the Company entered into various agreements resulting in a change of control of the Company, redemption of approximately 87% of its Class A Ordinary Shares, an extension of the date to complete a Business Combination and certain additional financing and other matters as discussed in further detail in the Form 10-K Annual Report filed on March 19, 2024 (the "Form 10-K"), the amended report on Form 10-K/A filed on April 22, 2024 amending the Form 10-K (the "Form 10-K/A", and together with Form 10-K, the "Annual Report"), and the Form 8-K filed with the Securities and Exchange Commission (the "SEC") on January 18, 2023.

On January 9, 2024, in connection with the 2024 Extension Meeting (as defined below), there was a further extension of the date to complete a business combination resulting in a new date upon which the Company must complete a Business Combination (the "New Termination Date"), as well as shareholder redemptions of 2,137,134 Class A Ordinary Shares for approximately \$23,615,000 and non redemption agreements with holders of 1,503,254 Class A Ordinary Shares in exchange for the transfer of 127,777 Class B ordinary shares, par value \$0.0001 per share (the "Class B Ordinary Shares" and together with Class A Ordinary Shares, the "Ordinary Shares"), following the conversion of 7,400,000 Class B Ordinary Shares into Class A Ordinary Shares, and the increase in the amount available to the Company under the extension promissory notes among other items, as discussed in various notes below regarding the 2024 Extension Meeting and as described in the Form 8-K filed with the SEC on January 16, 2024 and April 8, 2024.

On April 5, 2024, the Sponsor converted 7,400,000 Class B Ordinary Shares into Class A Ordinary Shares, on a one-for-one basis. The Sponsor waived any right to receive funds from the Company's Trust Account with respect to the Class A Ordinary Shares received upon such conversion and acknowledged that such shares will be subject to all of the restrictions applicable to the Class B Ordinary Shares under the terms of that certain letter agreement, dated as of January 11, 2021, by and among the Company and its officers, its directors and the Sponsor (as amended). Following the conversion, the Company had a total of 9,194,585 Class A Ordinary Shares and 100,000 Class B Ordinary Shares outstanding.

On April 24, 2024, the Company, First Merger Sub, Second Merger Sub, and Stardust Power, entered into Amendment No. 1 (the “Amendment”) to that certain Business Combination Agreement, dated November 21, 2023, (as it may be amended, supplemented or otherwise modified from time to time in accordance with its terms, the “Business Combination Agreement”), to, among other things, (i) amend the definition of “Equity Value” and (ii) amend the definition of “Alternative Financing.” Other than the terms of the Amendment, all the terms, covenants, agreements, and conditions of the Business Combination Agreement remain in full force and effect in accordance with its original terms.

On May 24, 2024, GPAC II filed a definitive proxy statement/prospectus (the “Definitive Proxy Statement”) for the solicitation of proxies in connection with a special meeting (the “Special Meeting”) of GPAC II shareholders, to vote upon, among other things, a proposal to adopt and approve that certain Business Combination Agreement.

On June 20, 2024, GPAC II, First Merger Sub, Second Merger Sub, and Stardust Power entered into Amendment No. 2 to the Business Combination Agreement to (i) amend the definition of “Sponsor Loans Settlement” to provide that Global Partner Sponsor II LLC shall waive any entitlement to the 1,709,570 additional private placement warrants it would otherwise be entitled to with respect to the conversion of the \$2,564,355 of Sponsor Loans incurred prior to October 3, 2023 and (ii) amend the definition of “Enterprise Value” to mean \$447.5 million, which reflects a \$2,500,000 reduction from the prior value. Other than the terms of Amendment No. 2, all of the terms, covenants, agreements, and conditions of the Business Combination Agreement remained in full force and effect in accordance with its original terms. Additionally, on June 20, 2024, GPAC II entered into PIPE Subscription Agreements with PIPE Investors pursuant to which the PIPE Investors agreed to purchase in a private placement, 1,077,541 shares of GPAC II common stock at a price of \$9.35 per share, for an aggregate commitment amount of \$10,075,000 (the “PIPE Investment”). The PIPE Subscription Agreements provided, among other things, that the PIPE Investment were conditioned upon the consummation of the transactions contemplated by the Business Combination Agreement. In connection with the negotiation of the PIPE Subscription Agreement, GPAC II and Stardust Power did not intend to draw down in excess of \$3 million, if at all, on the commitments under the existing Financing Commitment and Equity Line of Credit Agreement between Stardust Power and the large institutional investor in the PIPE Investment, which provided Stardust Power an option to issue additional Common Stock to such investor. The purpose of the PIPE Investment was to raise additional capital for use by the Company following the consummation of the transactions contemplated by the Business Combination.

On June 27, 2024, the Company held its Special Meeting where, among other things, the proposal to adopt that certain Business Combination Agreement was approved.

#### *Trust Account:*

The funds in the Trust Account can only be invested in cash or U.S. government treasury bills with a maturity of one hundred and eighty-five (185) days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940. On January 11, 2023, the Company liquidated the U.S. government treasury obligations or money market funds held in the Trust Account. Funds will remain in the Trust Account until the earlier of (i) the consummation of its initial Business Combination or (ii) the distribution of the Trust Account as described below. The remaining funds outside the Trust Account may be used to pay for business, legal and accounting due diligence on prospective acquisition targets, legal and accounting fees related to regulatory reporting obligations, payment for services of investment professionals and support services, continued listing fees and continuing general and administrative expenses.

The Company’s amended and restated memorandum and articles of association provided that, other than the withdrawal of interest to pay tax obligations, if any, less up to \$100,000 of interest to pay dissolution expenses, none of the funds held in trust will be released until the earliest of (a) the completion of the initial Business Combination, (b) the redemption of any Class A Ordinary Shares that are not subject to all the restrictions applicable to Class B Ordinary Shares under the terms of that certain letter agreement, dated as of January 11, 2021, by and among the Company and its officers, its directors and the Sponsor (as amended) properly submitted in connection with a shareholder vote to amend the Company’s amended and restated memorandum of association (i) to modify the substance or timing of the Company’s obligation to redeem 100% of the Public Shares if the Company does not complete the initial Business Combination by the date by which the Company is required to consummate a business combination pursuant to the amended and restated memorandum and articles of association, July 14, 2024 if extended per below (previously January 14, 2023 and then January 14, 2024 as discussed below) (the “Termination Date”), or (ii) with respect to any other provision relating to shareholders’ rights or pre-Business Combination activity, and (c) the redemption of the Public Shares if the Company is unable to complete the initial Business Combination by the Termination Date, subject to applicable law, which includes the extended time that the Company has to consummate a Business Combination beyond the Termination Date as a result of a shareholder vote to amend the Company’s amended and restated articles of incorporation. The proceeds deposited in the Trust Account could become subject to the claims of creditors, if any, which could have priority over the claims of holders of Public Shares.

On January 11, 2023, the Company’s shareholders voted to extend the date by which the Company has to consummate a Business Combination from January 14, 2023 to April 23, 2023 and to allow the Company, without another shareholder vote, to elect to extend the date to consummate a Business Combination on a monthly basis for up to nine times by an additional one month each time up until the Termination Date of January 14, 2024. Upon each of the nine one-month extensions, the Sponsor or one or more of its affiliates, members or third-party designees may contribute to the Company \$150,000 as a loan to be deposited into the Trust Account. During the year ended on December 31, 2023 the board of directors of the Company approved (i) one-month extensions of the Termination Date in from April through December, resulting in a new Termination Date of January 14, 2024, and (ii) draws of an aggregate of \$1,800,000 pursuant to the Extension Promissory Note - related party (as defined below) to fund the extensions.

On January 9, 2024, the Company held the extraordinary general meeting of shareholders of the Company (the “2024 Extension Meeting”) to amend (the “2024 Articles Amendment”), by way of special resolution, the Company’s amended and restated memorandum and articles of association to extend the date by which the Company has to consummate a Business Combination until the New Termination Date for a total of an additional six months after January 14, 2024, unless the closing of a Business Combination shall have occurred prior thereto (collectively, the “2024 Extension Amendment Proposal”); to eliminate, by way of special resolution, from the amended and restated memorandum and articles of association the limitation that GPAC II may not redeem Class A Ordinary Shares to the extent that such redemption would result in GPAC II having net tangible assets of less than \$5,000,001 (the “Redemption Limitation”) in order to allow the Company to redeem Public Shares irrespective of whether such redemption would exceed the Redemption Limitation (the “Redemption Limitation Amendment Proposal”); to provide, by way of special resolution, that Public Shares may be issued to the Sponsor by way of conversion of Class B Ordinary Shares, into Public Shares, despite the restriction on issuance of additional Public Shares (the “Founder Conversion Amendment Proposal” and together with the 2024 Extension Amendment Proposal and Redemption Limitation Amendment Proposal, the “Proposals”); and, if required an adjournment proposal to adjourn, by way of ordinary resolution, the 2024 Extension Meeting to a later date or dates, if necessary, (i) to permit further solicitation and vote of proxies if, based upon the tabulated vote at the time of the 2024 Extension Meeting, there are insufficient Ordinary Shares at the 2024 Extension Meeting to approve the Proposals, or (ii) where the board of directors of the Company has determined it

is otherwise necessary (the “Adjournment Proposal”). The shareholders of the Company approved the Proposals at the 2024 Extension Meeting and on January 11, 2024, the Company filed the 2024 Articles Amendment with the Registrar of Companies of the Cayman Islands.

On January 9, 2024 and in connection with the 2024 Extension Meeting to approve the 2024 Extension Amendment Proposal, the Company’s Sponsor entered into non-redemption agreements (the “Non-Redemption Agreements”) with several unaffiliated third parties, pursuant to which such third parties agreed not to redeem (or to validly rescind any redemption requests on) an aggregate of 1,503,254 Class A Ordinary Shares of the Company in connection with the 2024 Extension Amendment Proposal. In exchange for the foregoing commitments not to redeem such Class A Ordinary Shares of the Company, the Sponsor agreed to transfer or cause to be issued for no consideration, an aggregate of 127,777 Ordinary Shares and simultaneous forfeiture of 127,777 Ordinary Shares in connection with the Company’s completion of its initial Business Combination.

In connection with the Business Combination, at the Special Meeting on June 27, 2024, holders of 1,660,035 Class A Ordinary Shares exercised their right to redeem their shares for cash at a redemption price of approximately \$11.38 per share, for an aggregate redemption amount of \$18,893,209. Following such redemptions, 134,550 Class A Ordinary Shares held by shareholders other than the Sponsor, remain outstanding, representing \$1,531,342 cash in trust. Subsequently on July 3, 2024 holders of 2,877 GPAC II Class A Ordinary Shares reversed their redemptions, resulting in a total of 137,427 GPAC II Class A Ordinary Shares outstanding as of July 3, 2024.

*Going Concern:*

At June 30, 2024, the Company had approximately \$0 in cash and approximately \$11,389,000 in working capital deficit. The Company has incurred significant costs and expects to continue to incur additional costs in pursuit of its Business Combination. Until June 30, 2024, and through the closing date, the Company used the funds from Sponsor loans in connection with consummating the Business Combination with Stardust.

Upon completion of the Business Combination with Stardust Power Inc. on July 8, 2024, the Company's consolidated cash balance increased due to the PIPE investments of \$10,075,000, and \$1,481,835 of trust account proceeds, net of redemptions and related fees. The combined company is also required to make various payments including SPAC transaction costs incurred upon the close of the Business Combination.

As of the date on which these unaudited condensed consolidated financial statements were available to be issued, we believe that the cash on hand and additional investments obtained through the Business Combination will be inadequate to satisfy Company's working capital and capital expenditure requirements for at least the next twelve months. The ability of the Company to continue as a going concern is dependent upon management's plan to raise additional capital from issuance of equity or receive additional borrowings to fund the Company's operating and investing activities over the next year. These unaudited condensed consolidated financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

**Note 2 – Summary of Significant Accounting Policies**

*Principles of Consolidation:*

The unaudited condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries, First Merger Sub and Second Merger Sub, both formed to facilitate the acquisition of Stardust Power (Note 1). All significant intercompany balances and transactions have been eliminated in consolidation.

*Basis of Presentation:*

The accompanying unaudited condensed consolidated interim financial statements of the Company are presented in U.S. dollars and in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") pursuant to the rules and regulations of the SEC and reflect all adjustments, consisting only of normal recurring adjustments, which are, in the opinion of management, necessary for a fair presentation of the financial position and the results of operations and cash flows for the periods presented. Certain information and disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been omitted pursuant to such rules and regulations. Interim results are not necessarily indicative of results for a full year or any future periods.

The accompanying unaudited condensed consolidated interim financial statements should be read in conjunction with the Company's audited financial statements and notes thereto included in the Company's audited financial statements included in the Company's Annual Report which contains the audited financial statements and notes thereto as of December 31, 2023 and for the year then ended.

*Emerging Growth Company:*

Section 102(b)(1) of the JOBS Act exempts emerging growth companies from being required to comply with new or revised financial accounting standards until private companies (that is, those that have not had a Securities Act registration statement declared effective or do not have a class of securities registered under the Securities Exchange Act of 1934 (the "Exchange Act")) are required to comply with the new or revised financial accounting standards. The JOBS Act provides that a company can elect to opt out of the extended transition period and comply with the requirements that apply to non-emerging growth companies but any such an election to opt out is irrevocable. The Company has elected not to opt out of such extended transition period which means that when an accounting standard is issued or revised and it has different application dates for public or private companies, the Company, as an emerging growth company, can adopt the new or revised standard at the time private companies adopt the new or revised standard.

*Net (Loss) Income per Ordinary Share:*

Net (loss) income per Ordinary Share is computed by dividing (loss) income applicable to Ordinary Shareholders by the weighted average number of Ordinary Shares outstanding for the period. The Company has not considered the effect of the warrants sold in the Public Offering and private placement to purchase an aggregate of 10,557,453 at June 30, 2024 (11,221,954 at December 31, 2023) Class A Ordinary Shares in the calculation of diluted (loss) income per Ordinary Share, since their inclusion would be anti-dilutive under the treasury stock method and are dependent on future events. As a result, diluted (loss) income per Ordinary Share is the same as basic (loss) income per Ordinary Share for the period.

The Company complies with the accounting and disclosure requirements of FASB ASC Topic 260, “Earnings Per Share.” The Company has two classes of shares, which are referred to as Class A Ordinary Shares and Class B Ordinary Shares. Income and losses are shared pro rata among the two classes of shares. Net (loss) income per Ordinary Share is calculated by dividing the net (loss) income by the weighted average number of Ordinary Shares outstanding during the respective period. The changes in redemption value that are accreted to Public Shares subject to redemption (see below) is representative of fair value and therefore is not factored into the calculation of earnings per share.

The following tables reflect the earnings per share after allocating (loss) income between the shares based on outstanding shares:

	Three months ended June 30, 2024		Six months ended June 30, 2024	
	Class A	Class B	Class A	Class B
<i>Numerator:</i>				
Basic and diluted net (loss) income per Ordinary Share:				
Allocation of (loss) income– basic and diluted	\$ (2,075,000)	\$ (100,000)	\$ (2,688,000)	\$ (1,946,000)
<i>Denominator:</i>				
Basic and diluted weighted average Ordinary Shares:	8,796,000	425,000	5,472,000	3,963,000
Basic and diluted (loss) income per Ordinary Share	\$ (0.24)	\$ (0.24)	\$ (0.49)	\$ (0.49)

	Three months ended June 30, 2023		Six months ended June 30, 2023	
	Class A	Class B	Class A	Class B
<i>Numerator:</i>				
Basic and diluted net (loss) income per Ordinary Share:				
Allocation of (loss) income– basic and diluted	\$ 730,000	\$ 1,392,000	\$ 1,267,000	\$ 1,769,000
<i>Denominator:</i>				
Basic and diluted weighted average Ordinary Shares:	3,932,000	7,500,000	5,372,000	7,500,000
Basic and diluted (loss) income per Ordinary Share	\$ 0.19	\$ 0.19	\$ 0.24	\$ 0.24

*Concentration of Credit Risk:*

The Company can have significant cash balances at financial institutions which throughout the year may exceed the federally insured limit of \$250,000. Any loss incurred or a lack of access to such funds could have a significant adverse impact on the Company’s financial condition, results of operations, and cash flows.

*Cash and Cash Equivalents:*

The Company considers all highly liquid instruments with original maturities of three months or less when acquired to be cash equivalents. The Company had no cash equivalents at June 30, 2024 and December 31, 2023.

*Fair Value Measurements:*

The Company complies with FASB ASC 820, “Fair Value Measurements” (“ASC 820”), for its financial assets and liabilities that are re-measured and reported at fair value at each reporting period, and non-financial assets and liabilities that are re-measured and reported at fair value at least annually. As of June 30, 2024 and December 31, 2023, the carrying values of cash, prepaid expenses, accounts payable, accrued expenses and promissory notes payable – related party (including the extension promissory note) approximate their fair values primarily due to the short-term nature of the instruments.

Fair value is defined as the price that would be received for sale of an asset or paid for transfer of a liability, in an orderly transaction between market participants at the measurement date. U.S. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). These tiers include:

- Level 1, defined as observable inputs such as quoted prices (unadjusted) for identical instruments in active markets;
- Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable such as quoted prices for similar instruments in active markets or quoted prices for identical or similar instruments in markets that are not active; and
- Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions, such as valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable.

In some circumstances, the inputs used to measure fair value might be categorized within different levels of the fair value hierarchy. In those instances, the fair value measurement is categorized in its entirety in the fair value hierarchy based on the lowest level input that is significant to the fair value measurement.

#### *Use of Estimates:*

The preparation of condensed consolidated financial statements in conformity with U.S. GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated balance sheet and the reported amounts of expenses during the reporting period. Making estimates requires management to exercise significant judgment. It is at least reasonably possible that the estimate of the effect of a condition, situation or set of circumstances that existed at the date of the condensed consolidated financial statements, which management considered in formulating its estimate, could change in the near term due to one or more future confirming events. One of the more significant estimates included in these condensed consolidated financial statements is the determination of the fair value of the warrant liability. Such estimates may be subject to change as more current information becomes available and accordingly the actual results could differ significantly from those estimates.

#### *Offering Costs:*

The Company complies with the requirements of the FASB ASC 340-10-S99-1 and SEC Staff Accounting Bulletin Topic 5A— "Expenses of Offering." Costs incurred in connection with preparation for the Public Offering totaled approximately \$17,054,000 including \$16,500,000 of underwriters' discount. Such costs were allocated among the temporary equity and warrant liability components, based on their relative fair value. Upon completion of the Public Offering, approximately \$16,254,000 has been charged to temporary equity for the temporary equity components and approximately \$800,000 has been charged to other expense for the warrant liability.

#### *Class A Ordinary Shares Subject to Possible Redemption:*

As discussed in Note 3, all of the 30,000,000 Class A Ordinary Shares sold as part of the Units (as defined below) in the Public Offering contain a redemption feature that allows for the redemption under the Company's liquidation or tender offer/shareholder approval provisions. In accordance with FASB ASC 480, redemption provisions not solely within the control of the Company require the security to be classified outside of permanent equity. Ordinary liquidation events, which involve the redemption and liquidation of all of the entity's equity instruments, are excluded from the provisions of FASB ASC 480. All of the Public Shares are redeemable, and are subject to redemption on the enclosed condensed consolidated balance sheets.

On January 11, 2023, in connection with the vote to approve the 2023 Extension Amendment Proposal the holders of 26,068,281 Class A Ordinary Shares of the Company exercised their right to redeem their shares for cash at a redemption price of approximately \$10.167 per share for an aggregate redemption amount of approximately \$265,050,000 reducing the number of Class A Ordinary Shares to 3,931,719.

On January 9, 2024, in connection with the vote to approve the 2024 Extension Amendment Proposal, the holders of 2,137,134 Class A Ordinary Shares of the Company exercised their right to redeem their shares for cash at a redemption price of approximately \$11.05 per share for an aggregate redemption amount of approximately \$23,615,000 reducing the number of Class A Ordinary Shares from 3,931,719 to 1,794,585.

On June 27, 2024, in connection with the Special Meeting to approve the Business Combination and other related matters, the holders of 1,660,035 Class A Ordinary Shares of the Company exercised their right to redeem their shares for cash at a redemption price of approximately \$11.38 per share for an aggregate redemption amount of approximately \$18,893,209 reducing the number of Class A Ordinary Shares from 1,794,585 to 134,550. Subsequently on July 3, 2024 holders of 2,877 GPAC II Class A Ordinary Shares reversed their redemptions, resulting in a total of 137,427 GPAC II Class A Ordinary Shares outstanding as of July 3, 2024.

The Company recognizes changes immediately as they occur and adjusts the carrying value of the securities at the end of each reporting period. Increases or decreases in the carrying amount of redeemable Class A Ordinary Shares are affected by adjustments to additional paid-in capital. Accordingly, 134,550 and 3,931,719 shares, respectively, were classified outside of permanent deficit at June 30, 2024 and December 31, 2023, respectively.

Public Shares subject to possible redemption consist of the following:

	<b>Dollars</b>	<b>Shares</b>
Gross proceeds of Public Offering	\$ 300,000,000	30,000,000
Less: Proceeds allocated to Public Warrants	(14,100,000)	-

*Income Taxes:*

FASB ASC 740 prescribes a recognition threshold and a measurement attribute for the balance sheet recognition and measurement of tax positions taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more likely than not to be sustained upon examination by taxing authorities. The Company's management determined that the Cayman Islands is the Company's major tax jurisdiction. There were no unrecognized tax benefits as of June 30, 2024 and December 31, 2023. The Company recognizes interest and penalties related to unrecognized tax benefits as income tax expense. No amounts were accrued for the payment of interest and penalties at June 30, 2024 or December 31, 2023. The Company is currently not aware of any issues under review that could result in significant payments, accruals or material deviation from its position. The Company has been subject to income tax examinations by major taxing authorities since inception.

The Company is considered a Cayman Islands exempted company and is presently not subject to income taxes or income tax filing requirements in the Cayman Islands or the United States. As such, the Company's tax provision was zero for the periods presented. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

*Warrant Liability:*

The Company accounts for warrants as either equity-classified or liability-classified instruments based on an assessment of the warrant's specific terms and applicable authoritative guidance in FASB ASC 480 and ASC 815, "Derivatives and Hedging" ("ASC 815"). The assessment considers whether the warrants are freestanding financial instruments pursuant to ASC 480, meet the definition of a liability pursuant to ASC 480, and whether the warrants meet all of the requirements for equity classification under ASC 815, including whether the warrants are indexed to the Company's own Ordinary Shares, among other conditions for equity classification. This assessment, which requires the use of professional judgment, is conducted at the time of warrant issuance and as of each subsequent quarterly period end date while the warrants are outstanding.

For issued or modified warrants that meet all of the criteria for equity classification, the warrants are required to be recorded as a component of additional paid-in capital at the time of issuance. For issued or modified warrants that do not meet all the criteria for equity classification, the warrants are required to be recorded as a liability at their initial fair value on the date of issuance, and each balance sheet date thereafter. Changes in the estimated fair value of the warrants are recognized as a non-cash gain or loss on the unaudited condensed consolidated statement of operations. Costs associated with issuing the warrants accounted for as liabilities are charged to operations when the warrants are issued.

#### *Subsequent Events:*

The Company evaluated subsequent events and transactions that occurred after the date of the unaudited condensed consolidated balance sheet through the date that the unaudited condensed consolidated financial statements were available to be issued and has concluded that all such events that would require adjustment or disclosure in the unaudited condensed consolidated financial statement have been recognized or disclosed.

On July 8, 2024, GPAC II completed its Business Combination with Stardust Power. Refer to notes 1 and 3 for details. GPAC II deregistered as a Cayman Islands exempted company and domesticated as a Delaware corporation. As per the Business Combination Agreement, the First Merger Sub merged into the Company, with the Company being the surviving corporation. Following the First Merger, the Company merged into Second Merger Sub, with Second Merger Sub being the surviving entity. With the consummation of the business combination, the underwriters waived their commission fees.

#### *Recent Accounting Pronouncements:*

In August 2020, the FASB issued Accounting Standards Update (“ASU”) 2020-06, “Debt — Debt with Conversion and Other Options” (Subtopic 470-20) and “Derivatives and Hedging — Contracts in Entity’s Own Equity” (Subtopic 815-40) (“ASU 2020-06”), to simplify accounting for certain financial instruments. ASU 2020-06 eliminates the current models that require separation of beneficial conversion and cash conversion features from convertible instruments and simplifies the derivative scope exception guidance pertaining to equity classification of contracts in an entity’s own equity. The new standard also introduces additional disclosures for convertible debt and freestanding instruments that are indexed to and settled in an entity’s own equity. ASU 2020-06 amends the diluted earnings per share guidance, including the requirement to use the if-converted method for all convertible instruments. ASU 2020-06 is effective January 1, 2024 and should be applied on a full or modified retrospective basis. The Company has adopted this standard for its Extension promissory notes and there is no impact to the unaudited condensed consolidated financial statements – related party as further discussed in Note 4.

Management does not believe that any other recently issued, but not yet effective, accounting pronouncements, if currently adopted, would have a material effect on the Company’s unaudited condensed consolidated financial statements.

#### **Note 3 – Public Offering**

On January 14, 2021, the Company consummated the Public Offering and sale of 30,000,000 units at a price of \$10.00 per unit (the “Units”). Each Unit consists of one share of the Company’s Class A Ordinary Shares, one-sixth of one detachable redeemable warrant (the “Detachable Redeemable Warrants”) and the contingent right to receive, in certain circumstances, in connection with the Business Combination, one-sixth of one distributable redeemable warrant for each Public Share that a Public Shareholder holds and does not redeem in connection with the Company’s initial Business Combination (the “Distributable Redeemable Warrants,” and together with the Detachable Redeemable Warrants, the “Redeemable Warrants”). Each whole Redeemable Warrant offered in the Public Offering is exercisable to purchase one of the Company’s Class A Ordinary Shares. Only whole Redeemable Warrants may be exercised. Under the terms of the warrant agreement, the Company has agreed to use its commercially reasonable efforts to file a new registration statement under the Securities Act, following the completion of the Company’s initial Business Combination covering the Class A Ordinary Shares issuable upon the exercise of warrants. No fractional shares will be issued upon exercise of the Redeemable Warrants. If, upon exercise of the Redeemable Warrants, a holder would be entitled to receive a fractional interest in a share, the Company will, upon exercise, round down to the nearest whole number of Class A Ordinary Shares to be issued to the Redeemable Warrant holder. Each Redeemable Warrant will become exercisable on the later of 30 days after the completion of the Company’s initial Business Combination or 12 months from the closing of the Public Offering and will expire five years after the completion of the Company’s initial Business Combination or earlier upon redemption or liquidation. However, if the Company does not complete its initial Business Combination on or prior to the New Termination Date, the Redeemable Warrants will expire at the end of such period. If the Company is unable to deliver registered Class A Ordinary Shares to the holder upon exercise of a Redeemable Warrant during the exercise period, there will be no net cash settlement of these Redeemable Warrants and the Redeemable Warrants will expire worthless, unless they may be exercised on a cashless basis in the circumstances described in the warrant agreement. Once the Redeemable Warrants become exercisable, the Company may redeem the outstanding Redeemable Warrants in whole and not in part at a price of \$0.01 per Warrant upon a minimum of 30 days’ prior written notice of redemption, only in the event that the last sale price of the Class A Ordinary Shares equals or exceeds \$18.00 per share for any 20 trading days within the 30-trading day period ending on the third trading day before the Company sends the notice of redemption to the Redeemable Warrant holders, and that certain other conditions are met. Once the Redeemable Warrants become exercisable, the Company may also redeem the outstanding Redeemable Warrants in whole and not in part at a price of \$0.10 per Warrant upon a minimum of 30 days’ prior written notice of redemption, only in the event that the closing price of the Class A Ordinary Shares equals or exceeds \$10.00 per share on the trading day prior to the date on which the Company sends the notice of redemption, and that certain other conditions are met. If the closing price of the Class A Ordinary Shares is less than \$18.00 per share (as adjusted) for any 20 trading days within a 30-trading day period ending three trading days before the Company sends the notice of redemption to the warrant holders, the Private Placement Warrants must also concurrently be called for redemption on the same terms as the outstanding public warrants, as described above (the “Public Warrants”). If issued, the Distributable Redeemable Warrants are identical to the Redeemable Warrants and together represent the Public Warrants.

The Company had granted the underwriters a 45-day option to purchase up to 2,500,000 Units to cover any over-allotments, at the Public Offering price less the underwriting discounts and commissions, and such option was exercised in full at the closing of the Public Offering and included in the 30,000,000 Units sold on January 14, 2021.

The Company paid an underwriting discount of 2.0% of the per Unit price, \$6,000,000, to the underwriters at the closing of the Public Offering, and there is a deferred underwriting fee of 3.5% of the per Unit price, \$10,500,000, which is payable upon the completion of the Company's initial Business Combination. During the six months ended June 30, 2024, both of the underwriters agreed to waive their right to the deferred underwriting fee in connection with the completion of a business combination. As such, the \$10,500,000 liability will be reversed in connection with the closing of an initial business combination.

Shareholders approved the 2023 Extension Amendment Proposal at the extraordinary general meeting held on January 11, 2023 (the "2023 Extension Meeting") and on January 11, 2023, in connection with the 2023 Extension Amendment Proposal vote, the holders of 26,068,281 Class A Ordinary Shares of the Company properly exercised their right to redeem their shares for an aggregate price of approximately \$10.167 per share, for an aggregate redemption amount of approximately \$265,050,166. In addition, 4,344,714 contingent redeemable warrants will no longer be available to the former holders of the 26,068,281 Class A Ordinary Shares redeemed and so the carrying amount of those warrants, approximately \$130,000, was removed from the warrant liabilities on the unaudited condensed consolidated balance sheet.

On January 9, 2024, in connection with the 2024 Extension Meeting, holders of 2,137,134 Class A Ordinary Shares exercised their right to redeem their shares for cash at a redemption price of approximately \$11.05 per share, for an aggregate redemption amount of approximately \$23,615,331. In addition, 356,189 contingent Distributable Redeemable Warrants will no longer be available to the former holders of the 2,137,134 Class A Ordinary Shares redeemed and so the carrying amount of those warrants has been removed from the warrant liabilities on the unaudited condensed consolidated balance sheet at June 30 2024.

On June 27, 2024, in connection with the Shareholder meeting to approve Business Combination and other matters, holders of 1,660,035 Class A Ordinary Shares exercised their right to redeem their shares for cash at a redemption price of approximately \$11.38 per share, for an aggregate redemption amount of approximately \$18,893,209. In addition, 276,673 contingent Distributable Redeemable Warrants will no longer be available to the former holders of the 1,660,035 Class A Ordinary Shares redeemed and so the carrying amount of those warrants has been removed from the warrant liabilities on the unaudited condensed consolidated balance sheet at June 30 2024.

#### **Note 4 – Related Party Transactions**

##### *Founder Shares:*

During 2020, the Sponsor purchased 7,187,500 Class B Ordinary Shares (the "Founder Shares") for \$25,000 (which amount was paid directly for organizational costs and costs of the Public Offering by the Sponsor on behalf of the Company), or approximately \$0.003 per share. In January 2021, the Company effected a share capitalization resulting in there being an aggregate of 7,500,000 Founder Shares issued. The Founder Shares are substantially identical to Class A Ordinary Shares included in the Units sold in the Public Offering except that the Founder Shares that are currently still Class B Ordinary Shares will automatically convert into Class A Ordinary Shares, on a one-for-one basis, at the time of the initial Business Combination, or at any time prior thereto at the option of the holder, and are subject to certain transfer restrictions, as described in more detail below, and the Founder Shares are subject to vesting as follows: 50% upon the completion of a Business Combination and then 12.5% on each of the attainment of Return to Shareholders (as defined in the agreement) exceeding 20%, 30%, 40% and 50%. Certain events, as defined in the agreement, could trigger an immediate vesting under certain circumstances. Founder Shares that do not vest within an eight-year period from the closing of the Business Combination will be cancelled.

The Sponsor agreed to forfeit up to 625,000 Founder Shares to the extent that the over-allotment option was not exercised in full by the underwriters. The underwriters exercised their over-allotment option in full and therefore such shares are no longer subject to forfeiture.

In addition to the vesting provisions of the Founder Shares discussed in Note 7, the Company's initial shareholders have agreed not to transfer, assign or sell any of their Founder Shares until the earlier of (A) one year after the completion of the Company's initial Business Combination, or (B), subsequent to the Company's initial Business Combination, if (x) the last sale price of the Company's Class A Ordinary Shares equals or exceeds \$12.00 per share (as adjusted for share splits, share dividends, reorganizations, recapitalizations and the like) for any 20 trading days within any 30-trading day period commencing at least 150 days after the Company's initial Business Combination or (y) the date on which the Company completes a liquidation, merger, share exchange or other similar transaction after the initial Business Combination that results in all of the Company's shareholders having the right to exchange their Ordinary Shares for cash, securities or other property.

*Private Placement Warrants:*

The Sponsor purchased from the Company an aggregate of 5,566,667 warrants at a price of \$1.50 per warrant (a purchase price of \$8,350,000) in a private placement that occurred simultaneously with the completion of the Public Offering (the "Private Placement Warrants"). Each Private Placement Warrant entitles the holder to purchase one Class A Ordinary Share at \$11.50 per share. The purchase price of the Private Placement Warrants was added to the proceeds from the Public Offering, net of expenses of the offering and working capital to be available to the Company, to be held in the Trust Account pending completion of the Company's initial Business Combination. The Private Placement Warrants (including the Class A Ordinary Shares issuable upon exercise of the Private Placement Warrants) will not be transferable, assignable or saleable until 30 days after the completion of the initial Business Combination and they will be non-redeemable so long as they are held by the Sponsor or its permitted transferees. If the Private Placement Warrants are held by someone other than the Sponsor or its permitted transferees, the Private Placement Warrants will be redeemable by the Company and exercisable by such holders on the same basis as the warrants included in the Units being sold in the Public Offering. Otherwise, the Private Placement Warrants have terms and provisions that are identical to those of the Redeemable Warrants being sold as part of the Units in the Public Offering and have no net cash settlement provisions.

If the Company does not complete a Business Combination, then the proceeds from the sale of the Private Placement Warrants will be part of the liquidating distribution from the Trust Account to the Public Shareholders and the Private Placement Warrants issued to the Sponsor will expire worthless.

*Registration Rights:*

The Company's initial shareholders and the holders of the Private Placement Warrants are entitled to registration rights pursuant to a registration and shareholder rights agreement. These holders will be entitled to make up to three demands, excluding short form registration demands, that the Company registers such securities for sale under the Securities Act. In addition, these holders will have piggyback registration rights to include their securities in other registration statements filed by the Company. The Company will bear the expenses incurred in connection with the filing of any such registration statements. There will be no penalties associated with delays in registering the securities under the registration and shareholder rights agreement.

*Related Party Loans:*

*Sponsor loans* - In November 2020, the Sponsor agreed to loan the Company up to an aggregate of \$300,000 by drawdowns of not less than \$1,000 each against the issuance of an unsecured promissory note (the "Note" or "Notes payable – related party") to cover expenses related to the Public Offering. The Note was non-interest bearing and payable on the earlier of December 31, 2021 or the completion of the Public Offering. As of the closing date of the Public Offering, the Company had drawn down approximately \$199,000 under the Note, including approximately \$49,000 of costs paid directly by the Sponsor, for costs related to costs of the Public Offering. On January 14, 2021, upon closing of the Public Offering, all amounts outstanding under the Note were repaid and the Note is no longer available to the Company.

*Sponsor working capital loans* - On August 1, 2022, the Company issued a promissory note (the "August 1, 2022 Note" or "August 1, 2022 Notes payable – related party") in the principal amount of up to \$2,000,000 to its Sponsor. The August 1, 2022 Note was issued in connection with advances the Sponsor may make to the Company for expenses reasonably related to its business and the consummation of the Business Combination. The August 1, 2022 Note bears no interest and is due and payable upon the earlier to occur of (i) January 14, 2023 and (ii) the effective date of a merger, capital share exchange, asset acquisition, share purchase, reorganization or similar Business Combination. As of June 30, 2024 and December 31, 2023, the outstanding principal balance under the August 1, 2022 Note was \$755,000 and \$755,000, respectively.

On January 13, 2023, the Company and the Sponsor agreed to extend the date of maturity of the August 1, 2023 Note (as defined below) to the earlier of (i) the Termination Date, (ii) the consummation of a Business Combination of the Company and (iii) the liquidation of the Company.

On January 3, 2023, the Company issued a promissory note (the “January 3, 2023 Note”) in the principal amount of up to \$250,000 to its Sponsor. The January 3, 2023 Note was issued in connection with advances the Sponsor may make to the Company for expenses reasonably related to its business and the consummation of the Business Combination. The January 3, 2023 Note bears no interest and is due and payable upon the Business Combination. As of June 30, 2024, no amounts have been drawn down and there was no outstanding principal balance under the January 3, 2023 Note. At the election of the Sponsor or its registered assigns or successors in interest (the “Payee”), \$250,000 of the unpaid principal amount of the January 3, 2023 Note may be converted into warrants of the Company, at a price of \$1.50 per warrant, each warrant exercisable for one Class A Ordinary Share, of the Company. The warrants shall be identical to the Private Placement Warrants issued to the Sponsor at the time of the Company’s Public Offering.

On January 13, 2023, the Company issued the promissory note (the “January 13, 2023 Note”) in the principal amount of up to \$4,000,000, as amended on February 13, 2024, to its Sponsor. The January 13, 2023 Note was issued in connection with advances the Sponsor may make to the Company for contributions to the Trust Account in connection with the Extension and other expenses reasonably related to its business and the consummation of the Business Combination. The January 13, 2023 Note bears no interest and is due and payable upon the Business Combination. At the election of the Payee, up to \$1,750,000 of the January 13, 2023 Note may be converted, at the option of the lender, into Warrants, at a price of \$1.50 per warrant, each warrant exercisable for one Class A Ordinary Share of the Company. The Warrants shall be identical to the Private Placement Warrants issued to the Sponsor at the time of the Public Offering.

During the three and six months ended June 30, 2024, the Company made drawdowns aggregating approximately \$185,000 and \$646,000, respectively, under the January 13, 2023 Note, for working capital and in order to pay extension payments. During the three and six months ended June 30, 2023, the Company made drawdowns aggregating approximately \$506,000 and \$1,454,000, respectively, under the January 13, 2023 Note in order to pay extension payments and for working capital. The Company records such notes at par value and believes that the fair value of the conversion feature is not material based upon the trading price of the similarly termed Public Warrants. At June 30, 2024 and December 31, 2023, the outstanding principal balance under the January 13, 2023 Note was approximately \$3,372,000 and \$2,726,000, respectively.

Subsequent to June 30, 2024, as part of the Closing of the Business Combination, the Sponsor forgave the repayment of the promissory notes payable - related party (including the extension promissory note).

*Administrative Services Agreement:*

The Company has agreed to pay \$25,000 a month to the Sponsor for office space and rent and for the services to be provided by one or more investment professionals, creation and maintenance of the Company’s website, and miscellaneous additional services. Services commenced on the date the securities are first listed on Nasdaq and will terminate upon the earlier of the consummation by the Company of an initial Business Combination or the liquidation of the Company. On June 30, 2024, the Sponsor waived the administrative fee payable. General and administrative expenses include a credit of \$350,000 and \$275,000 for the three and six months ended June 30, 2024, respectively for this waiver. General and administrative expenses include a charge of \$75,000 and \$150,000 for the three and six months ended June 30, 2023, respectively for this agreement. As at June 30, 2024 and December 31, 2023, \$ 0 and \$ 275,000, respectively, were due to the Sponsor.

**Note 5 – Accounting for Warrant Liability**

At June 30, 2024 and December 31, 2023, there were 10,557,453 and 11,221,954 warrants, respectively, outstanding including 4,990,786 Public Warrants and 5,566,667 Private Placement Warrants outstanding at June 30, 2024 and 5,655,286 Public Warrants and 5,566,667 Private Placement Warrants outstanding at December 31, 2023. An aggregate of 4,977,576 of the original 5,000,000 contingent redeemable warrants that would have been exercisable by the former holders of the 1,660,035 Class A Ordinary Shares redeemed in June 2024, the 2,137,134 Class A Ordinary Shares redeemed in January 2024 and the 26,068,281 Class A Ordinary Shares redeemed in January 2023 are no longer available for exercise.

The Company’s warrants are not indexed to the Company’s Ordinary Shares in the manner contemplated by ASC Section 815-40-15 because the holder of the instrument is not an input into the pricing of a fixed-for-fixed option on equity shares. As such, the Company’s warrants are accounted for as warrant liabilities which are required to be valued at fair value at each reporting period.

The following tables present information about the Company’s warrant liabilities that are measured at fair value on a recurring basis at June 30, 2024 and December 31, 2023 and indicate the fair value hierarchy of the valuation inputs the Company utilized to determine such fair value:

Description	At June 30, 2024	Quoted price in active markets (level 1)	Significant other observable input (level 2)	Significant other unobservable input (level 3)
Warrant liabilities				
Public warrants	\$ 904,000	\$ 904,000	\$ -	\$ -
Private placement warrants	1,002,000	-	1,002,000	-
Warrant liability	<u>\$ 1,906,000</u>	<u>\$ 904,000</u>	<u>\$ 1,002,000</u>	<u>\$ -</u>
Description	At December 31, 2023	Quoted price in active markets (level 1)	Significant other observable input (level 2)	Significant other unobservable input (level 3)
Warrant liabilities				
Public warrants	\$ 150,000	\$ 150,000	\$ -	\$ -
Private placement warrants	187,000	-	187,000	-
Warrant liability	<u>\$ 337,000</u>	<u>\$ 150,000</u>	<u>\$ 187,000</u>	<u>\$ -</u>

At June 30, 2024 and December 31, 2023 the Company valued its Public Warrants by reference to the publicly traded price of the Public Warrants. The Company valued its Private Placement Warrants based on the closing price of the Public Warrants since they are similar instruments.

The warrant liabilities are not subject to qualified hedge accounting.

The Company's policy is to record transfers at the end of the reporting period. During the three months ended June 30, 2024 the Company transferred its Public Warrants from Level 2 to Level 1 based on the trading of the Public Warrants. During the three months ended March 31, 2024 the Company transferred its Public Warrants from Level 1 to Level 2 based on the trading of the Public Warrants. There were no transfers during the year ended December 31, 2023.

**Note 6 – Trust Account and Fair Value Measurement**

The Company complies with FASB ASC 820 for its financial assets and liabilities that are re-measured and reported at fair value at each reporting period, and non-financial assets and liabilities that are re-measured and reported at fair value at least annually.

Upon the closing of the Public Offering and the private placement, a total of \$300,000,000 was deposited into the Trust Account.

As further discussed in these notes to unaudited condensed consolidated financial statements, on June 27, 2024, in connection with the Special Meeting to approve Business Combination and other matters, holders of 1,660,035 Class A Ordinary Shares exercised their right to redeem their shares for cash at a redemption price of approximately \$11.38 per share, for an aggregate redemption amount of approximately \$18,893,209. Further, on January 9, 2024, in connection with the 2024 Extension Meeting, holders of 2,137,134 Class A Ordinary Shares exercised their right to redeem their shares for cash at a redemption price of approximately \$11.05 per share, for an aggregate redemption amount of approximately \$23,615,000. Further, on January 11, 2023, in connection with the 2023 Extension Meeting, holders of 26,068,281 Class A Ordinary Shares exercised their right to redeem their shares for cash at \$10.16 per share, for an aggregate redemption amount of approximately \$265,050,000.

The Company classifies its U.S. government treasury bills and equivalent securities (when it owns them) as held to maturity in accordance with FASB ASC 320, "Investments – Debt and Equity Securities." Held-to-maturity securities are those securities which the Company has the ability and intent to hold until maturity. Money market funds are valued at market.

The funds in the Trust Account were held in an interest-bearing cash account at June 30, 2024 and December 31, 2023.

#### **Note 7 – Shareholders' Deficit**

##### *Ordinary Shares:*

The authorized Ordinary Shares include 500,000,000 Class A Ordinary Shares and 50,000,000 Class B Ordinary Shares or 550,000,000 Ordinary Shares in total. The Company may (depending on the terms of the Business Combination) be required to increase the authorized number of shares at the same time as its shareholders vote on the Business Combination to the extent the Company seeks shareholder approval in connection with its Business Combination. Except with respect to matters pertaining to directors prior to the Business Combination, holders of the Company's Class A Ordinary Shares and Class B Ordinary Shares vote together as a single class and are entitled to one vote for each Class A Ordinary Shares and Class B Ordinary Shares.

The Founder Shares are subject to vesting as follows: 50% upon the completion of a Business Combination and then an additional 12.5% on the attainment of each of a series of certain "shareholder return" targets exceeding 20%, 30%, 40% and 50%, as further defined in the agreement. Certain events, as defined in the agreement, could trigger an immediate vesting under certain circumstances. Founder Shares that do not vest within an eight-year period from the closing of the Business Combination will be cancelled.

At June 30, 2024 and December 31, 2023, there were 100,000 and 7,500,000, respectively, Class B Ordinary Shares issued and outstanding, and 7,400,000 and 0, respectively, Class A Ordinary Shares issued and outstanding (after deducting 134,550 and 3,931,719, respectively, Class A Ordinary Shares subject to possible redemption at June 30, 2024 and December 31, 2023).

##### *Preference Shares:*

The Company is authorized to issue 5,000,000 preference shares, par value \$0.0001 (the "Preference shares"), with such designations, voting and other rights and preferences as may be determined from time to time by the Company's board of directors. At June 30, 2024 and December 31, 2023, there were no Preference shares issued or outstanding.

#### **Note 8 – Commitments and Contingencies**

##### *Business Combination Costs:*

In connection with identifying an initial Business Combination candidate and negotiating an initial Business Combination, the Company has entered into, and may enter into additional, engagement letters or agreements with various consultants, advisors, professionals and others. The services under these engagement letters and agreements are material in amount and in some instances include contingent or success fees. Contingent or success fees (but not deferred underwriting commission) would be charged to operations in the quarter that an initial Business Combination is consummated. In most instances (except with respect to the Company's independent registered public accounting firm), these engagement letters and agreements are expected to specifically provide that such counterparties waive their rights to seek repayment from the funds in the Trust Account.

##### *Risks and Uncertainties:*

**COVID-19** — Management continues to evaluate the impact of the COVID-19 pandemic on the industry and has concluded that while it is reasonably possible that the pandemic could have an effect on the Company's unaudited condensed financial position, results of operations and/or search for a target company and/or a target company's unaudited condensed financial position and results of its operations, the specific impact is not readily determinable as of the date of these unaudited condensed consolidated financial statements. These unaudited condensed consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**Bank Closures** — Management acknowledges that the Company depends on a variety of U.S. and multi-national financial institutions for banking services. Market conditions can impact the viability of these institutions, which in effect will affect the Company's ability to maintain and provide assurances that it can access its cash and cash equivalents in a timely manner or at all. Any inability to access or delay in accessing these funds could adversely affect the Company's liquidity, business and financial condition.

**Ongoing Conflicts** — The impact of ongoing and evolving military conflicts, including the invasion of Ukraine by Russia and the Israel-Hamas war, and economic sanctions and countermeasures on domestic and global economic and geopolitical conditions in general is not determinable as of the date of these condensed consolidated financial statements.

##### *PIPE Investment*

On June 20, 2024, GPAC II entered into subscription agreements (the "PIPE Subscription Agreements") with a large institutional investor and two other investors (the "PIPE Investors") pursuant to which the PIPE Investors agreed to purchase in a private placement, 1,077,541 shares of GPAC II common stock at a price of \$9.35 per share, for an aggregate commitment amount of \$10,075,000 (the "PIPE Investment"). The PIPE Subscription Agreements

provide, among other things, that the PIPE Investment is conditioned upon the consummation of the transactions contemplated by the Business Combination Agreement. The purpose of the PIPE Investment is to raise additional capital for use by the Company following the consummation of the transactions contemplated by the Business Combination (the "Closing"). The PIPE Subscription Agreements contain customary representations and warranties for each of GPAC II and the PIPE Investors, and customary conditions to closing, including the consummation of the transactions contemplated by the Business Combination Agreement.

## ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

*The following discussion and analysis of the Company’s financial condition and results of operations should be read in conjunction with the financial statements and the notes thereto contained elsewhere in this report.*

### **Cautionary Note Regarding Forward-Looking Statements**

All statements other than statements of historical fact included in this section and elsewhere in this Quarterly Report on Form 10-Q (this “Quarterly Report”) regarding the Company’s financial position, business strategy and the plans and objectives of management for future operations, are forward-looking statements. When used in this Quarterly Report, words such as “anticipate,” “believe,” “estimate,” “expect,” “intend” and similar expressions, as they relate to us or the Company’s management, identify forward-looking statements. Such forward-looking statements are based on the beliefs of management, as well as assumptions made by, and information currently available to, the Company’s management. Actual results could differ materially from those contemplated by the forward looking statements as a result of certain factors detailed in our filings with the SEC.

### **Overview and Recent Developments**

We are a blank check company incorporated on November 3, 2020 as a Cayman Islands exempted company for the purpose of effecting a merger, share exchange, asset acquisition, share purchase, reorganization or similar Business Combination with one or more businesses or entities.

On July 8, 2024, we completed our Business Combination with Stardust Power.

All activity from our formation through June 30, 2024 relates to our formation and our initial public offering (“Initial Public Offering”), and subsequent to the Initial Public Offering, identifying a target company for a Business Combination and consummating the Business Combination with Stardust. We will not generate any operating revenues until after the completion of our initial Business Combination, at the earliest.

## Results of Operations

For the period from November 3, 2020 (date of inception) to June 30, 2024, our activities consisted of formation and preparation for the Public Offering and, subsequent to completion of the public offering on January 14, 2021, identifying and completing a suitable initial Business Combination. As such, we had no operations or significant operating expenses until after the completion of the Public Offering in January 2021.

Our normal operating costs since January 14, 2021 include costs associated with our search for an initial Business Combination (see below), costs associated with our governance and public reporting (see below), and a charge of \$25,000 per month from our Sponsor for administrative services. During the three months ended June 30, 2024, the Sponsor waived the administrative fee payable. Costs for such Sponsor provided administrative services aggregate approximately (\$350,000) and (\$275,000) respectively for the three and six months ended June 30, 2024 and approximately \$75,000 and \$150,000 respectively for the three and six months ended June 30, 2023. Costs associated with our governance and public reporting have increased since the Public Offering and were approximately \$194,000 and \$353,000, respectively, for the three and six months ended June 30, 2024 and approximately \$135,000 and \$241,000, respectively, for the three and six months ended June 30, 2023.

Professional costs for work associated with reviewing potential Business Combinations as well as with the January 2024 and 2023 proxy and Extension Meetings was approximately \$1,618,000 and \$3,475,000 respectively, in the three and six months ended June 30, 2024 and approximately \$96,000 and \$840,000 for the three and six months ended June 30, 2023.

During the six months ended June 30, 2024, the Company negotiated settlement and release agreements with various creditors in exchange for certain payments made and resulting in the reversal of accruals totaling approximately \$2,961,000 which is included as a credit to operating expenses in the accompanying unaudited condensed consolidated statements of operations.

Other income (expense) includes both interest income and the change in the fair value of the Public Warrants and Private Placement Warrants at each reporting date. Interest income was approximately \$215,000 and 488,000 respectively, for the three and six months ended June 30, 2024 and approximately \$471,000 and 1,392,000 respectively, for the three and six months ended June 30, 2023. The variation in interest income reflects market conditions as well as changing Trust Account balances due to redemptions. The Company is required to measure the fair value of the Public Warrants and Private Placement Warrants at the end of each reporting period and recognize changes in the fair value from the prior period in the Company's operating results for each current period. The change in fair value of warrants was item of other expense of an aggregate of approximately \$928,000 and \$1,569,000, respectively in the three and six months ended June 30, 2024 and was an item of other income of approximately \$1,964,000 and other expenses of \$56,000, respectively in the three and six months ended June 30, 2023.

There were no income tax expenses for the three and six months ended June 30, 2024 or 2023 because we are a Cayman Islands exempted company and are not subject to income tax in the United States or in the Cayman Islands. We did not withdraw any interest from the Trust Account in the three and six months ended June 30, 2024 or 2023.

### **Liquidity and Capital Resources**

On January 14, 2021, we consummated the Public Offering of an aggregate of 30,000,000 Units at a price of \$10.00 per unit generating gross proceeds of approximately \$300,000,000 before underwriting discounts and expenses. Simultaneously with the consummation of the Public Offering, we consummated the private placement of 5,566,667 Private Placement Warrants, each exercisable to purchase one share of our Class A Ordinary Shares at \$11.50 per share, to the Sponsor, at a price of \$1.50 per Private Placement Warrant, generating gross proceeds, before expenses, of approximately \$8,350,000. At that time, the proceeds in the Trust Account were initially invested in cash. At June 30, 2024 and December 31, 2023, the proceeds in the Trust Account were invested in cash.

The net proceeds from the Public Offering and private placement were approximately \$301,471,000, net of the non-deferred portion of the underwriting commissions of \$6,000,000 and offering costs and other expenses of approximately \$904,000 (including approximately \$554,000 of offering expenses and approximately \$350,000 of insurance that is accounted for as prepaid expense). \$300,000,000 of the proceeds of the Public Offering and the private placement have been deposited in the Trust Account and are not available to us for operations (except certain amounts to pay taxes, if any). At June 30, 2024 and December 30, 2023, we had approximately \$0 and \$22,000, respectively, of cash available outside of the Trust Account to fund our activities until we consummate an initial Business Combination.

On January 11, 2023, certain shareholders elected to redeem 26,068,281 Class A Ordinary Shares at \$10.167 per share, approximately \$265,050,000, from the Trust Account following the 2023 Extension Meeting.

On January 9, 2024, in connection with the 2024 Extension Meeting, holders of 2,137,134 Class A Ordinary Shares exercised their right to redeem their shares for cash at a redemption price of approximately \$11.05 per share, for an aggregate redemption amount of approximately \$23,615,331. Following the redemptions, 1,794,585 Class A Ordinary Shares remain outstanding. Further, in connection with the 2024 Extension Meeting, the Company entered into Non-Redemption Agreements with holders of 1,503,254 Class A Ordinary Shares in exchange for the transfer of 127,777 shares.

On June 27, 2024, in connection with the shareholder meeting to approve the Business Combination and other related matters, the holders of 1,660,035 Class A Ordinary Shares of the Company exercised their right to redeem their shares for cash at a redemption price of approximately \$11.38 per share for an aggregate redemption amount of approximately \$18,893,209 reducing the number of Class A Ordinary Shares from 1,794,585 to 134,550. Subsequently on July 3, 2024 holders of 2,877 GPAC II Class A Ordinary Shares reversed their redemptions, resulting in a total of 137,427 GPAC II Class A Ordinary Shares outstanding as of July 3, 2024.

Until the consummation of the Public Offering, the Company's only sources of liquidity were an initial purchase of our Class B Ordinary Shares for \$25,000 by the Sponsor, and the availability of loans to us of up to \$300,000 by our Sponsor under the Note, a total of \$199,000 was actually loaned by the Sponsor against the issuance of the Note. The Note was non-interest bearing and was paid in full on January 14, 2021 in connection with the closing of the Public Offering, accordingly, no amounts are available or were outstanding under the Note at June 30, 2024 and December 31, 2023.

### *Going Concern:*

At June 30, 2024, the Company had approximately \$0 in cash and approximately \$11,389,000 in working capital deficit. The Company has incurred significant costs and expects to continue to incur additional costs in pursuit of its Business Combination. Until June 30, 2024, and through the closing date, the Company used the funds from Sponsor loans in connection with consummating the Business Combination with Stardust.

Upon completion of the Business Combination with Stardust Power Inc. on July 8, 2024, the Company's consolidated cash balance increased due to the PIPE investments of \$10,075,000, and \$1,481,835 of trust account proceeds, net of redemptions and related fees. The combined company is also required to make various payments including SPAC transaction costs incurred upon the close of the Business Combination.

As of the date on which the accompanying unaudited condensed consolidated financial statements were available to be issued, we believe that the cash on hand and additional investments obtained through the Business Combination will be inadequate to satisfy Company's working capital and capital expenditure requirements for at least the next twelve months. The ability of the Company to continue as a going concern is dependent upon management's plan to raise additional capital from issuance of equity or receive additional borrowings to fund the Company's operating and investing activities over the next year. Management intends to finance operations over the next twelve months through additional issuance of equity or borrowings. If adequate funds are not available, we may be required to curtail, delay, or eliminate some or all of our planned activities, or raise additional financing to continue to fund operations, and may not be able to continue as a going concern.

No assurance can be given that any future financing will be available or, if available, that it will be on terms that are satisfactory to us. Even if we are able to obtain additional financing, it may contain undue restrictions on our operations, in the case of debt financing, or cause substantial dilution for our stockholders, in the case of equity financing. Failure to secure adequate financing could have a material adverse effect on the business, operations and financial performance.

### *Off-balance sheet financing arrangements*

We have no obligations, assets or liabilities which would be considered off-balance sheet arrangements. We do not participate in transactions that create relationships with unconsolidated entities or financial partnerships, often referred to as variable interest entities, which would have been established for the purpose of facilitating off-balance sheet arrangements.

We have not entered into any off-balance sheet financing arrangements, established any special purpose entities, guaranteed any debt or commitments of other entities, or entered into any agreements for non-financial assets.

### *Contractual obligations*

At June 30, 2024, we did not have any long-term debt, capital lease obligations, operating lease obligations or long-term liabilities. In connection with the Public Offering, we entered into an Administrative Support Agreement with the Sponsor, pursuant to which the Company pays the Sponsor \$25,000 per month for office space, utilities and secretarial and administrative support. During the three months ended June 30, 2024, the Sponsor waived the administrative fees.

In connection with identifying an initial Business Combination candidate and negotiating an initial Business Combination, the Company may enter into engagement letters or agreements with various consultants, advisors, professionals and others in connection with an initial Business Combination. The services under these engagement letters and agreements can be material in amount and in some instances can include contingent or success fees. Contingent or success fees (but not deferred underwriting compensation) would be charged to operations in the quarter that an initial Business Combination is consummated. In most instances (except with respect to our independent registered public accounting firm), these engagement letters and agreements are expected to specifically provide that such counterparties waive their rights to seek repayment from the funds in the Trust Account.

## **JOBS Act**

The JOBS Act contains provisions that, among other things, relax certain reporting requirements for qualifying public companies. We will qualify as an “emerging growth company” and under the JOBS Act will be allowed to comply with new or revised accounting pronouncements based on the effective date for private (not publicly traded) companies. We are electing to delay the adoption of new or revised accounting standards, and as a result, we may not comply with new or revised accounting standards on the relevant dates on which adoption of such standards is required for non-emerging growth companies. As a result, our financial statements may not be comparable to companies that comply with new or revised accounting pronouncements as of public company effective dates.

Additionally, we are in the process of evaluating the benefits of relying on the other reduced reporting requirements provided by the JOBS Act. Subject to certain conditions set forth in the JOBS Act, if, as an “emerging growth company,” we choose to rely on such exemptions we may not be required to, among other things, (i) provide an auditor’s attestation report on our system of internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act, (ii) provide all of the compensation disclosure that may be required of non-emerging growth public companies under the Dodd-Frank Wall Street Reform and Consumer Protection Act, (iii) comply with any requirement that may be adopted by the Public Company Accounting Oversight Board regarding mandatory audit firm rotation or a supplement to the auditor’s report providing additional information about the audit and the financial statements (auditor discussion and analysis) and (iv) disclose certain executive compensation related items such as the correlation between executive compensation and performance and comparisons of the Chief Executive Officer’s compensation to median employee compensation. These exemptions will apply for a period of five years following the completion of our Public Offering or until we are no longer an “emerging growth company,” whichever is earlier.

## **Critical Accounting Estimates**

The requirement under 229.303 (Item 303) Management’s discussion and analysis of financial condition and results of operations is: Critical accounting estimates. Critical accounting estimates are those estimates made in accordance with generally accepted accounting principles that involve a significant level of estimation uncertainty and have had or are reasonably likely to have a material impact on the financial condition or results of operations of the registrant. Critical accounting estimates provide qualitative and quantitative information necessary to understand the estimation uncertainty and the impact the critical accounting estimate has had or is reasonably likely to have on financial condition or results of operations to the extent the information is material and reasonably available. This information should include why each critical accounting estimate is subject to uncertainty and, to the extent the information is material and reasonably available, how much each estimate and/or assumption has changed over a relevant period, and the sensitivity of the reported amount to the methods, assumptions and estimates underlying its calculation.

The preparation of financial statements and related disclosures in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and income and expenses during the periods reported.

Actual results could materially differ from those estimates. Management has determined that the Company has no critical accounting estimates.

### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

The net proceeds of our Public Offering and a portion of the proceeds of our concurrent sale of Private Placement Warrants are held in a Trust Account invested in cash or U.S. Government Treasury obligations with a maturity of 185 days or less or in money market funds meeting certain conditions under Rule 2a-7 under the Investment Company Act of 1940, as amended, and which invest only in direct U.S. Government Treasury obligations. On January 11, 2023, we liquidated the U.S. government treasury obligations or money market funds held in the Trust Account. The funds in the Trust Account will be maintained in cash in an interest-bearing demand deposit account at a bank until the earlier of our initial Business Combination and our liquidation. Interest on such deposit account is currently approximately 4.5% per annum, but such deposit account carries a variable rate, and we cannot assure you that such rate will not decrease or increase significantly.

### ITEM 4. CONTROLS AND PROCEDURES

#### *Evaluation of Disclosure Controls and Procedures*

We are required to comply with the internal control requirements of the Sarbanes-Oxley Act for the period ending December 31, 2021 and thereafter. Only in the event that we are deemed to be a large accelerated filer or an accelerated filer and no longer qualify as an emerging growth company would we be required to comply with the independent registered public accounting firm attestation requirement on internal control over financial reporting. Further, for as long as we remain an emerging growth company as defined in the JOBS Act, we intend to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not “emerging growth companies” including, but not limited to, not being required to comply with the independent registered public accounting firm attestation requirement.

Disclosure controls are procedures with the objective of ensuring that information required to be disclosed in our reports under the Exchange Act, such as this report, is recorded, processed, summarized and reported within the time period specified in the SEC’s rules and forms. Disclosure controls are designed with the objective of ensuring that information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

We expect to assess the internal controls of our Target Business or businesses prior to the completion of our initial Business Combination and, if necessary, to implement and test additional controls as we may determine are necessary in order to state that we maintain an effective system of internal controls. A Target Business may not be in compliance with the provisions of the Sarbanes-Oxley Act regarding the adequacy of internal controls. Many small and mid-sized Target Businesses we may consider for our initial Business Combination may have internal controls that need improvement in areas such as:

- ▶ staffing for financial, accounting and external reporting areas, including segregation of duties;
- ▶ reconciliation of accounts;
- ▶ proper recording of expenses and liabilities in the period to which they relate;
- ▶ evidence of internal review and approval of accounting transactions;
- ▶ documentation of processes, assumptions and conclusions underlying significant estimates; and
- ▶ documentation of accounting policies and procedures.

Management assessed the effectiveness of our internal control over financial reporting on June 30, 2024. In making these assessments, management used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission in Internal Control — Integrated Framework (2013). Based on that assessment, management concluded that our disclosure controls and procedures were effective. Accordingly, our management believes that the financial statements included in this report present fairly in all material respects our financial position, results of operations and cash flows for the periods presented.

This report does not include an attestation report of internal controls from our independent registered public accounting firm due to our status as an emerging growth company under the JOBS Act.

Because it will take time, management involvement and perhaps outside resources to determine what internal control improvements are necessary for us to meet regulatory requirements and market expectations for our operation of a Target Business, we may incur significant expenses in meeting our public reporting responsibilities, particularly in the areas of designing, enhancing, or remediating internal and disclosure controls. Doing so effectively may also take longer than we expect, thus increasing our exposure to financial fraud or erroneous financing reporting.

#### *Changes in Internal Control over Financial Reporting*

There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act) during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

We do not expect that our disclosure controls and procedures will prevent all errors and all instances of fraud. Disclosure controls and procedures, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the disclosure controls and procedures are met. Further, the design of disclosure controls and procedures must reflect the fact that there are resource constraints, and the benefits must be considered relative to their costs. Because of the inherent limitations in all disclosure controls and procedures, no evaluation of disclosure controls and procedures can provide absolute assurance that we have detected all our control deficiencies and instances of fraud, if any. The design of disclosure controls and procedures also is based partly on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

## PART II — OTHER INFORMATION

### ITEM 1. LEGAL PROCEEDINGS

None.

### ITEM 1A. RISK FACTORS

Investing in our Common Stock involves a high degree of risk. These risks are more fully described in the section titled “Risk Factors” included in our prospectus filed with the SEC pursuant to Rule 424(b) under the Securities Act on August 9, 2024 (the “Prospectus”) in addition to the information in this Quarterly Report. Any of these factors could result in a material adverse effect on our results of operations or financial condition. A summary of these risk factors that could materially and adversely affect our business, financial condition, operating results and prospectus include the following:

- Our limited history makes it difficult to evaluate our business and prospects and may increase the risks associated with your investment.
- Our management has identified conditions that raise substantial doubt about our ability to continue as a going concern.
- We are a development stage company, and there is no guarantee that our development will result in the commercial production of lithium from brine sources.
- Pipeline of lithium feedstock may prove to be non-viable, which could have material adverse impact on our business and operations.
- Even if we are successful in completing all initial phases and the first commercial production at our large central refinery optimized for multiple inputs of lithium brine inputs (the “Facility”) in Oklahoma and consistently produce battery-grade lithium on a commercial scale, we may not be successful in commencing and expanding commercial operations to support the growth of our business.
- Our products may not qualify for use for our intended customers.
- Delays and other obstacles may prevent the successful completion of our Facility.
- Lithium can be highly combustible, and if we have incidences, it could adversely impact us.
- The lithium brine industry includes well capitalized players.
- Low-cost producers could disrupt the market and be able to provide products cheaper than the Company.
- We may be unable to qualify for existing federal and state level grants and incentives and the grants and incentives may not be released to us as quickly or efficiently as we anticipate or at all.
- Our success as a company producing battery-grade lithium and related products depends to a great extent on the capabilities of our partners for lithium extraction from brine and our ability to secure capital for the implementation of brine processing plants.
- Changes in technology or other developments could adversely affect demand for lithium compounds or result in preferences for substitute products.
- The development of our lithium refinery is highly dependent upon the currently projected demand for and uses of lithium-based end products.
- Our future growth and success are dependent upon consumers’ demand for electric vehicles in an automotive industry that is generally competitive, cyclical and volatile.
- We may be unable to successfully negotiate final, binding terms related to our current non-binding memoranda of understanding and letters of intent for supply and offtake agreements, which could harm our commercial prospects.
- Our future business prospects could be adversely affected if we are unable to enter into definitive agreements relating to contemplated joint ventures with Usha Resources Inc. and IGX Minerals and, if such agreements are in fact completed, there can be no assurance that the required financing for such joint ventures will be available, that their respective projects will be completed in a timely manner, or that they will ultimately be successful.
- If we fail to adequately protect our intellectual property or technology (including any later developed or acquired intellectual property or technology), our competitive position could be impaired and we may lose valuable assets, generate reduced revenue and incur costly litigation to protect our rights.
- The reduction or elimination of government subsidies and economic incentives for alternative energy technologies, or the failure to renew such subsidies and incentives, could reduce demand for our products, lead to a reduction in our revenues, and adversely impact our operating results and liquidity.
- We identified material weaknesses in our internal control over financial reporting. If we are unable to remediate these material weaknesses or if we experience additional material weaknesses or other deficiencies in the future or otherwise fail to maintain an effective system of internal control over financial reporting, we may not be able to accurately or timely report our financial results, which could result in loss of investor confidence and adversely impact our stock price.
- An active trading market for Common Stock may never develop or be sustained, which may make it difficult to sell the shares of Common Stock you receive.
- The Company’s certificate of incorporation and bylaws, which became effective on July 8, 2024, provide for a classified board of directors, with directors serving staggered three-year terms, which could make it more difficult for stockholders to replace a majority of the directors.
- There is no guarantee that the Warrants will ever be in the money, and they may expire worthless.
- We may redeem your unexpired Warrants prior to their exercise at a time that is disadvantageous to you, thereby making your warrants worthless.

There have been no material changes to the risk factors set forth in the Prospectus, which are incorporated herein by reference. However, the risk factors described in this report and in the Prospectus are not the only risks that we face. Additional risk factors not presently known to us or that we currently deem immaterial may also impair our business or results of operations. If any such risks materialize, it could have a material adverse effect on our business, financial condition, results of operations, and growth prospects and cause the trading price of our Common Stock to decline. We may disclose changes to such risk factors or disclose additional risk factors from time to time in our future filings with the SEC.

**SIGNATURE**

In accordance with the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

**STARDUST POWER INC.**

Dated: August 14, 2024

*/s/ Udhaychandra Devasper*

Name: Udhaychandra Devasper

Title: Chief Financial Officer

(Principal Financial and Accounting Officer)

**CERTIFICATION OF THE PRINCIPAL EXECUTIVE OFFICER  
PURSUANT TO RULE 13a-14(a) AND RULE 15d-14(a)  
UNDER THE SECURITIES EXCHANGE ACT OF 1934,  
AS ADOPTED PURSUANT TO  
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I Roshan Pujari, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Stardust Power Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
  - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

**CERTIFICATION OF THE PRINCIPAL EXECUTIVE OFFICER  
PURSUANT TO 18 U.S.C. SECTION 1350,  
AS ADOPTED PURSUANT TO  
SECTION 906 OF THE SARBANES-OXLEY ACT OF 2002**

In connection with the Quarterly Report on Form 10-Q of Stardust Power Inc. (the "Company") for the quarter ended June 30, 2024, as filed with the Securities and Exchange Commission (the "Report"), I, Roshan Pujari, Chief Executive Officer of the Company, certify, pursuant to 18 U.S.C. §1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002, that:

1. The Report fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, as amended; and
2. To my knowledge, the information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Company as of and for the period covered by the Report.
